

Read Me First!
 We're LB Lee, we're multi ("multiple personalities"), and we've been making comics about it since 2007! Don't know where to start? Here you are!

We only speak for ourself. Don't use this to bully others or yourself. In other words...

(Some plurals HATE these questions. There's no standard etiquette. When in doubt, ask!)

What do I call you? "People" and "headmates;" "LB" and "they" are fine, generally, we also like our own names/pronouns.

How do I know who's talking? Ask. It's fine!

How can I talk to...? See above.

How do you decide things? Generally by group consensus. (The rest is getting there.)

What's multi feel like? Living in a haunted house with roomies you can't leave.

How'd you realize you were multi? Our original died, and we were left holding the bag.

What made you? Don't know! Trauma, fiction, and religion all seem to have played roles.

Rude Questions

(Rule of thumb: If your question would be rude or brain-breaking for a family you've known for a similar amount of time, please don't ask us!)

Who's the REAL LB? Ain't one. Died in '05.

But what about your vessel? It's more like an RV made of meat than an individual.

How do you have sex? Buy After Boys in Love; we don't tell strangers for free.

Are you dangerous? Are you?

What are your diagnoses? Only Medicare knows!

Can you prove you're multi? Nope! And we don't try. Come to your own conclusions!

Do you want to be one person again? No. Too big a life change, losing spouse, friends, and self all in one go.

Loony-Brain 101
